# About Us

- H2oh! Entertainment is an experienced agency specialising in the provision of Circus and Variety artists, and associated services. The organisation is committed to maintaining high standards of work, in both the organisation and delivery of shows and events, as well as all the aspects of health and safety that need to be considered when undertaking or arranging productions involving live performance and members of the public / invited guests.
- H2oh! Entertainment is committed to the wise use of clients' money, and will always try to advise on the best use of budget in order to achieve the highest quality effects.

# What Makes H2oh! Different?

- ◉ We offer a genuinely bespoke service, with each and every quote tailored to client requests. We understand that planning a wedding can be time-consuming, and that everything needs to be perfect. We make sure our artists are fully briefed before the big day so that you can relax and enjoy it, without worrying about them one little bit.
- ◉ We know many of the artists that work with us well, and regularly meet with them to keep up to date with their work and style. We have always endeavoured to steer away from being a 'directory' style agency, in which the onus to book the right act lies with the customer. We prefer to operate more along the lines of a consultancy: it is our job to make sure the right act is booked, and to make sure the process of booking is as easy and as stress-free as possible.

# Popular Wedding Acts

- ◉ **Adagio Statues** - Two stone characters come magically to life to music, and perform a flowing routine of gravity and strength-defying lifts and balances in a classical style.
- ◉ **Enchanted Snow Globe** - A truly stunning act, this sees two adagio statue acrobatic performers inside an enchanting globe with glitter falling continuously around them.
- ◉ **Canapé Tables** - Putting a twist on the usual serving of canapés and drinks, our artists roam an event with elegance for a unique and memorable act.
- ◉ **Living Statues** - Transformed head to toe, this is a wonderful option to delight guests with sudden precise movements, retracting back into a statue as they turn around in surprise!

# More Popular Wedding Acts

- **Aerial** - For the ultimate wow factor, our aerialists perform stunning routines suspended in mid air, impressing all. Aerial silk is a favourite for weddings, as it gives an elegant, flowing performance.
- **Caricature** - One of our most popular acts, we work with a selection of excellent sketchers who create fantastic, realistic caricatures. Sketches can be named and dated to the occasion, giving guests a wonderful take home souvenir to remember the special day for years to come.
- **Magicians** - Magicians are another favourite to go out to weddings as they create brilliant table hopping entertainment and bring guests together, with sleight-of-hand tricks and incredible up-close magic!
- Other favourite wedding acts have included stilt walkers, fire performers, dancers, contortionists and pick pockets.

# Wedding Music Entertainment

- ◉ We have chosen the best, most experienced and versatile musicians. We work with artists whom we trust, meaning you will receive professional service, the security of booking through an agency all with competitive pricing.
- ◉ We have different types of music to offer for the various parts of your day: a harpist to guide you down the aisle; a vocalist for the signing of the register; a gospel choir to sing your hymns or a moving song; a jazz band for your drinks reception, not forgetting the party band for the knees-up in the evening!
